1. Introduction

Program description

The North American Visiting Teachers in Spain Program is an initiative by the Ministry of Education of Spain as part of a broader policy framework that pursues implementing and reinforcing the teaching of English as a foreign language on the one hand, and the bilingual English –Spanish curriculum programs on the other, all over Spain.

The goal of this program is to incorporate through a selection process native U.S. and Canadian English speaking teachers who will in turn help improve the quality of the English language teaching, adding on top a multicultural, international approach to the schools where they will be assigned.

With regard to the participating teachers, this program will provide them with a valuable Spanish culture immersion experience and will also help them grow professionally through the direct exposure to the Spanish education system for a full academic year. The program will also help reinforce the cultural and educational relations between both the United States/Canada and Spain.

Number of positions and distribution

The Ministry of Education of Spain will offer up to 60 teaching positions for the 2012-2013 academic year. The visiting teachers will be placed in either elementary or secondary schools spread throughout the Autonomous Communities of Spain.

Candidate selection

In order to best determine the adequacy of the candidates to the positions offered, the Education Office at the Embassy of Spain in Washington, D.C. will conduct a selection process based on both the evaluation of their application merits and a personal interview.

At the conclusion of this process, the Education Office will publish the list of selected teachers and the schools assigned to them.

Candidates that are not selected will be placed on a waiting list that will remain active until the beginning of the 2012-2013 academic year.

Bear in mind that those Candidates who have uploaded the hard copies correctly will get an email from Profex, after these documents have been assessed by the Education Office in Washington DC, informing them that their application is in the status of Registrada. This status will immediately after change to Admitida. Please, check your status regularly on Profex. Those whose hard copies are incomplete or incorrect will be contacted to let them know about what is missing or incorrect.

Expectations

You are expected to be punctual, flexible and have a positive attitude. You may be removed from the position due to disciplinary problems or you may use your participation as a reference in the future if you do excellent work and enjoy the experience. It is up to you to be responsible and meet the standards and rules set forth by the program and your school.

Duties

The visiting teachers will provide technical and teaching support to the departments and faculty in those educational centers where an English-Spanish bilingual or English as a foreign language program is in place.

According to the Yearly School Plan of the assigned school, the duties of the teacher may include:

- Collaboration and support of the department's responsibilities or with the team of teachers:
 - Lesson planning
 - Adaptation and revision of the English-Spanish curriculum
 - Preparation of materials
 - Participation in complementary activities
- Direct teaching to groups tutored by the classroom teacher
- Training activities for the faculty and student body in English language and North American culture

Working conditions

The visiting teacher will work up to 30 hours weekly in their assigned school. The schedule will be determined by the program coordinator or administrator in the assigned school. The selected teachers will be assigned a teaching position for an initial period of one year from September 1, 2012 through August 31, 2013. They will receive a monthly salary of 2,500 euros, as well as be provided with health insurance for the duration of this period.

WEEKLY SCHEDULE

The teachers will have a 30-hour work week on-site at school. In addition to the teaching periods, this schedule may be dedicated to lesson planning, in-service training, or any other complementary teaching activity.

The 30 hour on-site work week will be comprised of both teaching hours and complementary hours.

There will be a maximum of 25 teaching periods if the teacher is assigned to an elementary school or of 22 periods if the teacher is assigned to a secondary school. These periods can be counted toward teaching and support of other teachers, etc.

Complementary hours include attending department or grade meetings as well as faculty meetings, conducting extra-curricular activities, parent teacher conferences and any other of the established activities listed in the Yearly School Plan that the principal deems appropriate.

Reception and orientation of selected teachers

The Ministry of Education will organize an orientation course for the selected teachers that will take place at the beginning of September 2012. The orientation will also include speakers and representatives from the Autonomous Communities.

Said course will have a follow up portion in the corresponding assigned autonomous community of each teacher.

Benefits

You will receive a monthly salary of 2,500 Euros gross. You will be provided general health insurance by your region covering basic needs, emergencies and repatriation. You will be responsible for paying for any prescriptions. However, the prescriptions in Spain cost approximately 80% less than those found in the States and you will end up paying about the same price out of pocket as you would pay with insurance for a US prescription.

Duration

The program lasts from September 1, 2012 through August 31, 2013.

Application period

The application period runs from November 28, 2011 through January 31, 2012. The applicants will need to send, the one page application generated by the **Profex** online system at the

time of submission (printed, signed and dated by the candidate) to the Education Office at the Embassy of Spain. The deadline for receiving this document at the Education Office is February 15, 2012. Please send your hard copies immediately after you submit your online application. Please be aware, although your application will be processed when received, you will not receive word about a regional placement or wait list status until mid May 2011.

2. Registration and application process

*****A quick note about Profex:** The Profex program is utilized by the Ministry of Education for all of its international programs. As such, you may find other information that may not have to do with you, that is because it pertains to other programs. Please only do the Curriculum part, which is universal for all programs, and then the specific application can be found under *2012 Profesores visitantes extranjeros en España*, which is your program of interest.

How to register

Please See Annex 1 of this manual for a complete step by step visual guide.

Hard Copy Documentation: Where to send the required paperwork

Please submit your application to the following address:

**North American Visiting Teachers in Spain
Education Office
Embassy of Spain
2375 Pennsylvania Ave. NW
Washington, D.C. 20037-1710**

Selection process

In order to best determine the adequacy of the candidates to the positions offered, the Education Office at the Embassy of Spain in Washington, D.C. will conduct a selection process based on both the evaluation of their application merits and a personal interview.

At the conclusion of this process, the Education Office will publish the list of selected teachers and the schools assigned to them.

Candidates that are not selected will be placed on a waiting list that will remain active until the beginning of the 2012-2013 academic year.

Every effort is made to give you one of your regional preferences or at least a neighboring region to one of those preferences. Please realize that you may only preference a region and YOU

MAY NOT PREFERENCE A CITY. The Ministry of Education and the Education Office in Washington DC, will assign your city and school after you have accepted the regional placement offer.

What does it mean to be “admitida?”

There are several different statuses that you may have during the application and admission process as well as some uncommon vocabulary used on Profex (see Annex 6 GLOSSARY OF TERMS).

The “admitida” status seems to be the most confusing. To be “admitida” means that your application has been received, analyzed, and is not lacking any required documents. This status makes you eligible (but not selected) to receive a regional placement.

Regional placement process

Not everyone may receive their first choice. Our most important priority is assigning ALL placements that have been requested and to assign the candidates to a certain school according to the position profile and requirements.

What to do after receiving a regional placement

ACCEPT on Profex! Accepting your placement gets the ball rolling for the whole process. You do have the option to also decline the offer. If you choose to decline the offer you may not be considered for any other placement for that school year. Please accept or decline the assignment within **4** business days of receiving the notification email from the Profex system. Those candidates who fail to accept or decline in the specified time period may be barred from participating in future editions of the program.

How to accept on Profex

Log in to your account. On the left hand menu click Auxiliares de Conversación. Then click on *Gestión solicitudes*. Click on *Aceptación y renuncia candidatos*. On the drop down menu make sure to select 2012 - Profesores visitantes extranjeros *en Española*. Then click *buscar*. Your name should appear with an option to accept: *aceptación*.

The acceptance or “nombramiento” letter

The Ministry of Education will send the acceptance letter for the visiting teachers. The state-side portion of the program or the Spanish consulates are not involved in this, cannot rush it, nor affect any part of the process. This letter is extremely important as it details key information (health insurance, salary, city and school information) required for your visa application as well as is a required document for the visa application.

3. Arriving in Spain

Visas

Candidates selected to participate in this program will be citizens of the United States or Canada. These candidates will have to apply for a long term student visa at the Consulate General of Spain that is assigned to the candidate's state/province of residence. The Ministry of Education will provide the necessary support for this process.

For Consular jurisdiction, visa application form and visa instructions please see Annexes 2 and 3.

IMPORTANT: Those in possession of an EU passport or a valid TIE (Temporary residence) card **DO NOT NEED A VISA.**

Once in Spain: NIE and Residence Card (TIE)

www.mir.es, www.policia.es

You will apply for a Long-Term Student Visa for extended stays (LONGER THAN 6 MONTHS): This visa is active and valid for 3 months. This visa serves as an authorization for your first entry into the country. Within the first 30 days after first entering the country the holder of the visa must apply for a NIE (número de identidad de extranjero) number and a Temporary Residence Card for Foreigners (TIE). These are two individual processes resulting in two individual documents that are done in a Police Office for Foreign Aliens (Extranjería). The residence card (TIE) should be valid for the remainder of the duration of the program (August 31 or whichever date is specified in the acceptance letter).

The Embassies of the USA and Canada in Spain do not have anything to do with any of the aforementioned processes nor does the Spanish Ministry of Education in Spain, the USA, or Canada. All of the teachers that enter Spain with a student visa in order to participate in the program must go to their nearest Office for Foreign Aliens (Extranjería) and initiate the necessary processes to apply for the NIE and the Temporary Residence Card. If the student visa is allowed to expire and the NIE and Residence Card have not been applied for yet, the teacher may have problems in the future justifying their legal status in Spain.

Once a NIE is obtained the teacher should send a copy of this information to the Ministry coordinator so that he/she may enter the information in the system in order to receive the salary.

To clarify any doubts about the difference between NIE, Residence Card, and Visa:

NIE: is an official fiscal number given to the applicant whether the person has a visa or not. By itself it only serves as a means to open a bank account or to make a financial transaction, among others. It is on an A-4 sheet that certifies that the holder has been issued the corresponding NIE

number and that in no form or fashion does it serve as official identification nor permission for residence.

Temporary Residence Card for Foreigners (TIE): The residence card has the NIE number on the front and on the back the educational institution that the holder belongs to. In order to obtain the residence card one must present their visa and any other required supplemental documentation such as the original letter of acceptance from the Ministry of Education. One must do this within the first 30 days after arriving in Spain. If for whatever reason a participant changes schools they must obtain a new residence card so that it reflects this change.

Visa: an official authorization to enter the country for a specific purpose.

This information is for the North American participants in the program (holding a US or Canadian passport); those with EU citizenship or from other countries may be subject to different conditions. For example, those with a EU passport **will have a NIE** for fiscal transactions but will not have a residence card as by EU agreement they have the right to move, reside and work freely.

4. Preparing for your Departure and Tips for Settling in to Spain

Practical ideas for the installation in Spain

www.spainexpat.com/spain/category/C4/Living/

The living in Spain section covers information about meeting your more basic needs for life in Spain. You'll find information for finding property/real estate, apartments in Spain, schools and university programs, health care and medical insurance, English-speaking doctors, and sending mail through the postal system.

Craigslist in Spain in English: <http://madrid.es.craigslist.es/>

Like a Spanish Craigslist: www.segundamano.es/

Accommodation

The participants are responsible for their own room and board as well as their transportation to and from Spain. The schools should have some resources to help you find a place to live. Plan on staying in a hotel for about a week when you first arrive. Do not get an apartment just from looking at photos online. It is prudent to go check out the apartment yourself and make sure its advertisement is truthful before you commit to a lease. We also recommend having access to personal funds of about 2,500-3,000 dollars in to get established.

Health insurance

Health insurance will be provided to each participant by the Ministry. This health insurance should cover any basic/annual needs, emergencies, accidents, and repatriation. The participant is responsible for their own prescriptions. However, the prescription medicine in Spain is normally one-third the cost of prescription medicine in the US, essentially the same price as you would pay in the US with American health insurance. In the event of an emergency contact your principal, director, or teacher that serves as your main contact and/or supervisor at your assigned school or region.

VISA APPLICATION INSTRUCTIONS FOR US TEACHERS

Please CAREFULLY READ THE FOLLOWING INSTRUCTIONS:

Below you will find information about the steps you need to take before your departure for Spain: You will be in Spain under a Long-Term National type Student Visa. This visa encompasses many subcategories. You will fill out the form for the National Visa and follow instructions for the National Visa – Long-Term Student Visa. REMEMBER you cannot leave for Spain before obtaining a visa. You will need to apply for this visa within the next few weeks. You cannot process the visa in Spain.

BEFORE STARTING YOUR VISA APPLICATION

Please read the following instructions VERY carefully:

To locate the specific Consulate General of Spain in the U.S., please go to the following weblink:
www.maec.es/SUBWEBS/EMBAJADAS/WASHINGTON/ES/MENUPPAL/SERVICIOSCONSULARES/Paginas/Di-rec.%20Serv.%20Consulares.aspx

In most cases you will need to apply for the visa IN PERSON at the Consulate that has jurisdiction over your residence - normally your home residence or from where your driver's license or ID has been issued. For example, if you reside in South Dakota, you will apply for your visa in Chicago.

Please consult the web page of your corresponding Consulate General to get information about the documents you will need and start preparing them as soon as possible. The process may take up to 12 weeks. Please, find attached a compilation of consular information available on Students visas.

1. Before applying for the Long-Term National type Student visa you need to receive an original acceptance letter (Carta de nombramiento) issued by the Ministry of Education. Please remember that the state-side portion of the program or the Spanish consulates are not involved in the issuance of the letter, cannot rush it, nor affect any part of the process. This letter may be in the format of an email attachment, regular mail, or both. You will need to present this original at the Consulate. Be sure to have the original returned to you after applying for the visa. THE ORIGINAL letter will be necessary later in Spain.
2. In some cases you may need to schedule an appointment to apply for your visa. The appointments can be made by phone or online depending on the consulate. The Washington DC Consulate does not require an appointment but be sure to check for hours of operation.
3. Visa applicants through the Consulate General of Spain in Miami (Florida, Georgia and South Carolina): The Education Office in Miami will contact you and give you specific instructions on how to process your visas. DO NOT contact or schedule an appointment with the Consulate General of Spain in Miami but wait for the Education Office to contact you.
